MOHAMAD WASIM ALSAEED

Senior Web Developer

wasimalsaeed@outlook.com https://www.linkedin.com/in/wasimalsaeed

SUMMARY

As a Senior .NET Developer with over 6 years of hands-on expertise, I specialize in crafting tailored solutions for web applications and diverse business requirements. Proficient in ASP.NET Core and .NET, I excel in web development, harnessing Azure services for cloud-based solutions and ensuring seamless system functionality through adept MS SQL database management. My expertise extends to Microservices architecture, enabling the design of scalable and resilient applications. I navigate the complete software development lifecycle—from meticulous requirements analysis, through design, development, and exhaustive testing, to providing robust production support for a spectrum of business applications. As a Certified Web Development Professional, I bring an enduring passion for technology, extensive technical prowess, and a collaborative ethos that bolsters effective teamwork.

EXPERIENCE

Senior Web Application Developer

Goto.Health

01/2022 - 12/2023 Turkey-Australia-Remote

- Championed the development of an innovative appointment platform in Australia
- Integrated major practice systems for nationwide, real-time confirmations.
